

Aircraft Carpet and Supplies

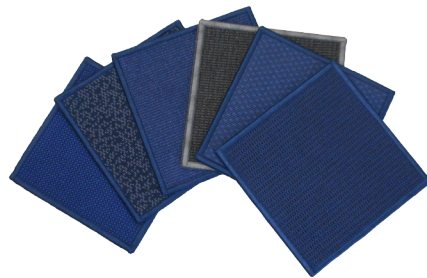

If you've been looking for an attractive, high quality commercial aircraft carpet that matches your décor, fits your budget and is available for quick delivery, we've got your solution – Airworthy Aerospace's proprietary **Aero-LTE** aviation carpet.

We developed **Aero-LTE** to provide airlines, MROs and leasing companies with carpet solutions that meet the highest standards and offer the best value. What sets our signature carpet line apart? **Aero-LTE** is lightweight, enabling us to easily manage inventory and shipments, and crafted in universal shades to match most airline interiors. It's always in stock, with no minimum order requirements, and available in a bulk roll or fabricated kit to fit your needs.

Unlike our competitors, Airworthy utilizes the latest technology to cut, part mark, sew, inspect and roll **Aero-LTE** – just as we do for all of our carpet solutions – to ensure a perfect fit and the finest workmanship.

In addition, we only use FAA certified carpet and tapes to ensure safety and quality. And no long manufacturing lead times means we can ship your order quickly – and offer unmatched value and pricing.

Engineering services are also available to map your aircraft to ensure a perfect fit!

Find out how our superior **Aero-LTE** carpet solutions match quality and value to your aircraft carpet needs.
