

Partnership Announcement Letter

Dear Customers,

We would like to inform you through this letter that 3A Composites Mobility AG and Airworthy, Inc. are going to start a new partnership to manufacture Rail Galleys in Eastern Europe at their Poland facility.

This partnership between our companies will be able to expand our Rail Manufacturing services in Europe.

There are a lot of benefits of this partnership business to our customers which include it bridging the gap between expertise and knowledge, it helps in cost savings, it leads to a better response and support to our European customers, and giving more Business Opportunities.

Sincerely,

Dr. Armin Raiber

CEO
